

CORONAVIRUS UPDATE:

17th March 2020

Stay at home if you have coronavirus symptoms.

Please return home and rearrange your dental appointment from home.

Stay at home for 7 days if you have either:

- a high temperature of 37.8 degrees or over, and/or
 - a new, continuous cough,
 -

Do not go to a GP surgery, dental surgery, pharmacy or hospital.

If someone in your household has symptoms of coronavirus you should all self-isolate for 14 days

Use the NHS 111 online coronavirus service if:

- you feel you cannot cope with your symptoms at home
 - your condition gets worse
- your symptoms do not get better after 7 days
